

**REMARKS**

Consideration of the amendments and remarks after final is proper under 37 C.F.R. §1.116 because 1) the amendment cancels claims, and does not add new matter; 2) the amendment does not require further search or consideration; and 3) the amendment and remarks place the application in condition for allowance. Entry and consideration of the amendment and remarks is thus respectfully solicited.

Applicants thank the Examiner for the allowance of claims 1-10, 12-15, 23-26, 28-31, and 35-37. Claims 32-33 were rejected under 35 U.S.C. 101. Applicants traverse the rejection as follows.

Applicants herein cancel claims 32 and 33 to advance prosecution. However, Applicants maintain claims 32 and 33 are patentable subject matter, being drawn to an article. There is no relation to a computing device, nor was such a relation intended to be claimed. Further, the print claimed has a specific composition comprising two separate and distinct images, as set forth in the claims. This is not a standard photograph. Applicants respectfully assert the Examiner is still misconstruing the claimed subject matter. However, to advance prosecution, claims 32 and 33 are cancelled. Withdrawal of the rejection is in order.

Prompt action in the form of a Notice of Allowance for remaining claims 1-10, 12-15, 23-26, 28-31, and 35-37 is in order and is respectfully solicited. Should the Examiner require anything further, or have any questions, the Examiner is asked to contact Applicants' undersigned representative.

Respectfully submitted,
